Reasons for Allowance

The following is an examiner's statement of reasons for allowance. The primary reasons for allowance is claims 1 and 7, as amended overcome the 35 USC 102(b) reference under Koizumi et al. (US 5760779).

As amended, the newly claimed combination claims two elements including a wiring member and from a wiring board distinct from one another, unlike Koizumi et al.

An updated exhaustive search has resulted in the finding of no prior art to disprove novelty and nonobviousness.

The independent claims are allowed. The dependent claims are allowed since they depend from allowed base claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
